

PORCUPINE RIDGE

FACT SHEET

PORCUPINE RIDGE
Merlot 2010

Analysis:

Alc	14.63 %
pH	3.73
TA	5.3g/l
RS	2.1 g/l

Winemakers Comments:

Grapes sourced from Malmesbury and also grown on Boekenhoutskloof ensure richness and structure for this wine. Picked at optimum ripeness the grapes were cold soaked for a period prior to alcoholic fermentation for colour extraction and richness. Fermentation in stainless steel and French oak maturation prior to bottling.

Tasting Notes:

Raspberry and vanilla flavours with ripe plum and a velvety texture. Smooth tannins and subtle use of oak compliment the profile.
