WINEMAKERS COMMENT

Juice is drawn off from the must (method known as “saignee”) of the three cultivars, then cold-fermented in stainless steel and blended before bottling. With this method we attain a pink wine with lots of fruit and a balanced acidity. The Syrah lends a spicy aromatic character to the wine and the Cinsaut and Grenache offer juicy fruit.

TASTING NOTE

Bright pink in colour with a tinge of blue hue. Fruity flavours of strawberries and a touch of spice on the nose. Fruit carries on to the palate with a good long dry finish.
